SUMMARY

Experienced developer with a keen focus on automation and solution architecture, specializing in custom theme development for WordPress, Shopify, and Craft CMS. Proficient in a wide array of frontend and backend technologies, including HTML, CSS, JavaScript, React, PHP, and Node.js. Skilled in Agile methodologies, project management, and fostering strong client relationships. Committed to continuous improvement, staying updated on industry trends, and delivering impactful solutions that surpass expectations.

EXPERIENCE

Web Developer Team Lead

Education Dynamics, LLC

May 2022 – Present

- Managed a team of 6 developers within an Agile Scrum environment, fostering collaborative cross-team efforts.
- Crafted custom WordPress templates using Twig and React, resulting in a 30% improvement in Core Web Vitals performance and a 60% reduction in development time.
- Enhanced efficiency with Node.js automation, significantly reducing data migration time by 82% compared to manual processes.
- Built strong client relationships as the main point of contact for CTOs and business stakeholders.
- Fostered a culture of collaboration and knowledge sharing among teams, transforming the organization.
- Managed recruitment, conducted interviews, and supported employee growth through individual coaching sessions.
- Initiated efforts to incorporate SEO and PPC best practices into website development.

Web Developer Team Lead

Logical Position

January 2020 – May 2022

- Oversaw a team of 11 developers, ensuring alignment with departmental objectives and delivering consistent results.
- Proficient in various content management systems including WordPress, Shopify, CraftCMS, and Drupal, specializing in SEO optimization.
- Expertise in a diverse range of technologies: HTML, CSS, JavaScript, React, PHP, Twig, Liquid, and Handlebars.
- Conducted regular code reviews to maintain high standards of quality and consistency.
- Addressed technical website issues such as structured data errors, SSL certificate problems, and .htaccess rules.
- Played a pivotal role in shaping the department's culture, emphasizing work-ethic, efficiency, and professionalism.
- Conducted 20+ interviews resulting in the recruitment of top-tier talent to the development team.

Senior Web Developer

Logical Position

October 2018 – January 2020

- Spearheaded custom theme development across diverse platforms including Wordpress, Shopify, BigCommerce, and Duda.
- Directed the execution of intricate consulting projects aimed at enhancing client website functionality and user experience.
- Collaborated closely with the Team Lead to cultivate team development through comprehensive training sessions, facilitating meetings, and providing mentorship to colleagues.
- Assisted in strategic planning and executing internal initiatives to expand the department and enhance operational efficiency.

Web Developer II

Belniak Media

September 2016 – October 2018

- Transformed Photoshop, Figma, and Adobe XD designs into functional web interfaces.
- Leveraged Craft CMS alongside PHP, TWIG, JavaScript, jQuery, Webpack, Node.js, and SASS in day-to-day development tasks.
- Contributed to the construction and upkeep of JavaScript web components.
- Led the charge on new website builds, orchestrating meetings, and establishing project timelines.

EDUCATION

Associates in Computer Technologies

Elgin Community College · Elgin, IL · 2014
